WOMEN4IT

Project no. 2017-1-094
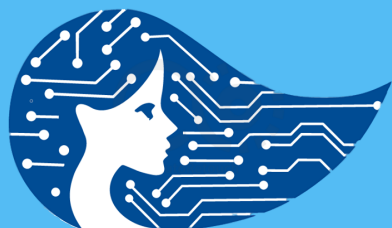

Women4IT is an ambitious European project that can help you get into the digital work market

If you are a Woman aged 18-29 years old and you are looking for a career change in the digital sector, Women4IT is right for you.

100 Women will be trained in Ireland for one of the following job profiles:

6 JOB PROFILES AVAILABLE

Digital Media Executive
Data Analyst Assistant
Junior web developer
Graphic Designer
Software Tester Customer
Service Representative

WHAT WILL BE MY ROLE DURING THE PROJECT?

The first step is to register and then to take a short test to make sure this will meet your needs.

Then we arrange a flexible, 160 hours training course in Dublin. You will gain new competences and earn badges as you complete the course.

You will be part of a training group made of women having the same interests, looking forward to joining the digital world!

A Mentor/Friend will be assigned to you to help you and guide you throughout this journey.

Follow the project on

AND AFTER THE TRAINING?

Once your training is complete, your mentor will help you to apply for a digital job and to settle into it. You might also like to take up an internship in a company.

No matter which path you choose, you will be assisted in seeking employment.

HOW TO GET INVOVLED?

If you want to sign up or to know more about the Women4IT Project, get in touch with ICS today at sarah.piazzolla@ics.ie.
